Charitable Gifting Initiative Grant Program

Introduction

Loren Meade, in his book *Financial Meltdown in the Mainline*, suggests that the familiar forms of charitable gifting that have supported Lutheran churches, institutions and organizations through the years are facing unprecedented challenges. There is a growing concern for the decreasing stewardship and charitable mindset among Lutherans. It is, therefore, increasingly important to educate Lutherans about charitable gifting and motivate them to plan ahead.

Why People Give

The main reason people make charitable gifts that benefit an organization is to support their personal mission. Lutherans have provided billions of dollars in support of institutions and organizations over the years. Unfortunately, most individuals are unaware of the variety of avenues for making donations that could provide even greater benefits to the donor, as well as the Lutheran organizations they support.

In most cases, individuals make charitable gifts not for their own benefit, but for the benefit of a specific organization. However, when Lutherans become familiar with the benefits related to charitable gifting, they can enhance the effectiveness of their gifts and decrease their cost of giving, either during their lifetime or through their estate. In addition, knowing and understanding the rules can help individuals avoid unexpected or adverse tax consequences, thereby preserving the spirit of goodwill and commitment that is the true basis of one's charitable giving.

Charitable Gifting Options

There are many charitable gifting options available to maximize one's charitable gift. Some strategies are simple; others require the assistance of financial service, tax and legal professionals. To enhance the benefits of charitable giving, individuals should consider all of their alternatives, including traditional gifts of cash. Individuals also may want to consider donating different assets or making a gift in a different form that may allow them to:

- Achieve higher current income tax benefits.
- Obtain estate tax deductions.
- Give to a charity while providing for themselves or their heirs.

What is the Thrivent Financial for Lutherans Foundation?

Founded in 1982, the Thrivent Financial for Lutherans Foundation operates exclusively for charitable, educational and religious purposes to help improve the health and vitality of Thrivent Financial's key communities—the Lutheran community, the Fox Cities of Wisconsin and the Twin Cities of Minnesota. Grants are provided for projects and missions that reflect Thrivent Financial's charitable interests.

Mission

The foundation will operate exclusively for charitable, educational, and religious purposes to help improve the health and vitality of Thrivent Financial's key communities.

Vision

Thrivent Financial for Lutherans Foundation grant programs will reflect the charitable interests of Thrivent Financial, its members, workforce, and the needs of Thrivent Financial's key communities.

Goals of the Charitable Gifting Initiative

The overarching goals of the Charitable Gifting Initiative are to

- Educate and motivate individuals regarding charitable gifting options; and to
- Generate new gifts (immediate or deferred revenue) benefiting Lutheran institutions and organizations through giving options, such as
 - Will or trust bequest
 - Beneficiary designation gift
 - Life insurance gift
 - Investment gift
 - Gift annuity
 - Zero-estate-tax gift
 - Traditional IRA gift
 - Donor-advised fund
 - Charitable remainder trust

Focus

Grant requestors are invited to develop projects that.

- Provide individuals with practical and personalized one-on-one opportunities to learn and respond to charitable gifting options
- Educate and equip church leaders with new knowledge, collaboration skills, and techniques to support and open charitable gifting doors among Lutherans and others
- Increase the number of individuals making charitable gifts
- Increase the number and dollar amount of charitable gifts

Program Guidelines & Requirements FAQs

Q. Who is eligible for grants through this program?

- Lutheran nonprofit organizations that are exempt from federal income tax under section 501(c)(3) of the IRS Code.
- Lutheran judicatories, congregations and some inter-Lutheran entities which are considered integrated auxiliaries of the church.¹
- Small church bodies that have fewer than 100,000 baptized members

NOTE: Organizations that have a current grant project active under this grant program are **NOT** eligible to apply for a new grant through this program until the project is complete and the final grant report has been submitted to Thrivent Financial for Lutherans Foundation.

Q. What determines if an organization is "Lutheran"?

The Lutheran identity of an organization is determined by at least one of the following criteria:

- "Lutheran" appears in the name
- The mission statement references a Lutheran connection
- The by-laws of the organization stipulate that a majority of the governing board are "Lutheran"

¹ An integrated auxiliary of a church means an organization is: described in sections 501(c)(3) and 509(a)(1), (2), or (3) of the Internal Revenue Code; affiliated with a church or a convention or association of churches, and internally supported

Q. Has your organization consulted with a financial services organization and/or a foundation in offering charitable tools, solutions and/or services to individuals?

- Grant requestors **must** consult with and form a cooperative relationship with a representative from a financial services organization and/or a foundation in offering charitable tools, solutions and/or services to individuals. A representative from that type of organization should be involved in planning the grant project. Thrivent Financial for Lutherans, The Lutheran Community Foundation, ELCA Foundation, LCMS Foundation, and WELS Foundation are examples of organizations with expertise in charitable tools, solutions and services.

NOTE: Applications indicating consultations with Thrivent Financial for Lutherans financial services representatives or agents will not be favored over other grant requests.

Q. Is your organization currently engaged in a grant project funded by the Charitable Gifting Initiative Grant Program?

- Organizations that have a current grant project active under this grant program are **NOT** eligible to apply for a new grant through this program until the project is complete and the final grant report has been submitted to Thrivent Financial for Lutherans Foundation

Q. What are some examples of projects this grant initiative would fund?

- A cluster of congregations with elementary schools join together to initiate a staffed fund-raising appeal. The objective is to permanently endow and support their athletic conference, enabling children to participate in a variety of sporting events. The annual earnings from the endowment would support administrative costs, sport officials' fees, rental and equipment fees, etc
- A high school partners with member congregations within the high school association to establish a fund for continuing education for their faculty. Each congregation identifies a leader to be trained in charitable giving concepts so they can identify and encourage potential donors
- A judicatory conducts a series of local educational seminars for congregational leaders. The seminars teach and motivate leaders to implement a charitable gift campaign within the congregation to help meet general or specific ministry needs. The congregational leaders are challenged and commissioned to plan, strategize and implement a charitable gifting appeal that will reap a preset total goal of immediate and deferred donations received from members
- A judicatory, along with the church body foundation, partners with a local Lutheran camp to raise funds to establish and build a "campership" endowment for children from low-income families to attend summer camp.
- A college initiates a special funding appeal to endow a professor's chair for service learning within the department of education. This enables students training to be teachers to experience and learn the value of service learning in their own lives and in the lives of their future students
- A Lutheran long-term care institution increases its fund-raising appeal to enhance and expand its offsite assisted-living chaplaincy and care programs

Q. What types of project activities are *not* funded through the Charitable Gifting Initiative Grant Program?

- Grant funds may not be used as payment toward financial product premiums, consultant fees or other costs related to a financial product or charitable gifting solution or any expenses of donors
- Capital costs involving the purchase of major equipment and furnishings and major facility construction or renovation.
- Existing or established programs or projects. Grant funds will not be provided as retroactive payment for programs and/or project that have already begun. NOTE: Expansion or enhancements of existing programs or projects may be considered if the project request clearly identifies how the program/project is being taken to the next level

- Programs or projects sponsored by foreign agencies or institutions The institution or organization receiving the funds must be based in the United States and primarily responsible for implementing the project.
- Ordinary and ongoing program or organizational operating expenses.
- Financial subsidy for congregations or other organizations
- Lobbying or political activity of any kind.
- Debt reduction or operating deficits
- Re-granting the grant to third party groups

Because the Thrivent Financial for Lutherans Foundation does not represent the Lutheran church, the board of trustees chooses not to take stands or support organizational missions related to political, moral, theological and doctrinal issues that tend to be divisive within the Lutheran community.

Q. What is the project length?

Grant projects are to cover a two year period.

Q. Is there a minimum or maximum amount of grant funds that will be awarded?

- The minimum grant amount is \$5,000.

The Thrivent Financial for Lutherans Foundation is a private foundation funded by Thrivent Financial for Lutherans. As a 501(c)(3) organization with its own board of trustees, the foundation is organized and operated exclusively for charitable, religious, scientific, literary and educational

purposes and makes grants and gifts to 501(c)(3) exempt organizations The Foundation does not provide grants to individuals

What is the Thrivent Financial for Lutherans Foundation?

Founded in 1982, the Thrivent Financial for Lutherans Foundation operates exclusively for charitable, education and religious purposes to help improve the health and vitality of Thrivent Financial's key communities – the Lutheran community and the nonprofit communities of the Fox Cities (Wisconsin) and the Twin Cities (Minnesota)

Grants are provided for projects and missions that reflect Thrivent Financial's charitable interests

Mission

The foundation will operate exclusively for charitable and educational, and religious purposes to help improve the health and vitality of Thrivent Financial's key communities

Vision

Thrivent Financial for Lutherans Foundation grant programs will reflect the charitable interests of Thrivent Financial, its members, workforce, and the needs of Thrivent Financial's key communities

Endeavors (Grant Initiative) Overview & Guidelines

Background:

Granting is a philanthropic expression of Thrivent Financial's commitment to and corporate citizenship within the Lutheran community

The Thrivent Financial for Lutherans Foundation is committed to making a difference in the Lutheran community and society. The foundation operates exclusively for charitable, educational, and religious purposes to help improve the health and vitality of Thrivent Financial's key communities (including the Lutheran community). In recent years, the foundation has become more interested in major, interlocking efforts aimed at sustaining successful long-term Lutheran ministries – starting up or expanding entrepreneurial outreach endeavors

The Endeavors grant initiative is open to Lutheran nonprofit organizations that are exempt from federal income tax under Section 501(c)(3) of the IRS Code. Grantee and grant project selection may be based on one or more of the following criterion

- Referral or recommendation by a Thrivent Financial Regional Financial Office (RFO) or home-office corporate unit. Grantee referrals or recommendations shall not be based on any past, present or future business relationship with Thrivent Financial or its agents or affiliates
- Lutheran demographics, density and connectivity
- Innovative, creative and/or entrepreneurial – charitable projects and activities within the meaning of the IRS Code Section 501(c)(3)
- Ample resource capacities to manage a large project

The Endeavors grant initiative is both proactive and reactive. Staff may choose to search-out and invite individual organizations into a granting relationship (proactive) – or – organizations may request grant consideration via inquiry or by submitting a concept proposal (reactive)

The underlying principles of this type of grant initiative are similar to the same principles of conducting any type of entrepreneurial business. Just as an entrepreneur invests venture capital (seed money) into a new or expanding business, the foundation will invest grant funds and expertise in a nonprofit 501(c)(3) organization, with a plan to build the organization's capacities, outreach and outcome accountabilities to better carry out exempt purposes under Section 501(c)(3). If the project is successful, the foundation will work together with the grantee to network and replicate project

outcomes and methodology – benefiting the broader Lutheran community.

Jim Collins in his book titled, “Good to Great and the Social Sectors” suggests that organizations that focus their passion (mission), expertise and resource engine “ will be of greater service to the world ” Lutheran organizations that demonstrate this type of focus are the principal grantee-targets of the Endeavors grant initiative.

Endeavors grant projects that contain the following elements will be highly considered for potential funding.

1. Impact on the grassroots (congregational connection) of the Lutheran community.
2. Growth that may require varying degrees of innovation and risk taking.
3. Strong, well-prepared, thoughtful and imaginative leadership.
4. Volunteerism and giving.
5. Partnerships with others as appropriate Experience has shown that partnering often multiplies results and impact.
6. Accountability for results

Grant support through the Endeavors grant initiative will include shared planning, intelligence, engagement, cooperation, risks and benefits, accountabilities, and perhaps most importantly, a joint responsibility to network project information and learnings to a broader segment of the Lutheran community to create a larger impact.

Purpose:

Provide grant support for growth or startup endeavors that help the Lutheran community become more healthy, outreach-oriented, and vital within today’s church and society Project plans will include a communications strategy that creates broad awareness and facilitates the networking of results and learnings to help educate others, providing replicable models for adaptation (adoption).

**Requestor
Eligibility:**

- 1 Lutheran nonprofit organizations that are exempt from federal income tax under Section 501(c)(3) of the IRS code.
2. Lutheran congregations, judicatories, and some inter-Lutheran entities that are considered integrated auxiliaries or affiliates of the church
3. Demonstrated financial solvency and human resource capacities

**Grant Project
Concept
Prerequisites:**

- 1 Connection to the grassroots of the church – congregation(s).
- 2 Strong leadership capacity
- 3 Innovative and creative
- 4 Projects must be entrepreneurial in nature. In other words, increasing or added revenues and income streams that provides relative assurances of project longevity beyond the life of the grant.
5. Grant projects and activities must fall within the meaning of IRS Code Section 501(c)(3)
- 6 Noteworthy and substantive impact upon the Lutheran community and/or society
7. Grantee is located in an area of high Lutheran demographic density or has significant access-connectivity to Lutherans
8. Endeavor grants may be equal to or greater than \$250,000
- 9 Endeavor grants may not exceed 75 percent of the total project cost
- 10 Communications strategy that includes acknowledgement and visibility to the foundation

The strength of congregational connectivity in the project concept plan is weighted heavily during early grant funding considerations

Some grant project proposals (or grant requestors) may be deferred to Thrivent Financial for Lutherans (versus the foundation) for grant project development or consideration

Limitations:

Generally speaking, the Endeavors grant initiative will not support the following:

1. Loans or cash grants to private individuals.
2. Requests to discharge pre-existing debts or operating deficits.
3. Financial subsidy requests for ordinary, ongoing, or normal organizational operating expenses.
4. Requests are usually declined for building campaigns, renovations, major equipment, endowed chairs or endowments, fellowships or scholarships, trusts, and certain types of public charities.
5. Lobbying or political activity of any kind

Since the Thrivent Financial Foundation does not represent, align or affiliate with any particular Lutheran church body, it will not approve grants to organizations whose missions or projects support or promote a particular political, moral, theological, or doctrinal position that could be viewed as divisive within the Lutheran community.

**Grant Proposal
Process:**
(High-level)

Following is the high-level granting process for the Endeavors grant initiative:

1. Initiate Grant Project Proposal

Grant project consideration may be "proactively" initiated via referral or recommendation (field, corporate or foundation), or the requestor organization may prepare and submit a preliminary concept overview or letter of inquiry. **There is no grant proposal application form for the Endeavors grant initiative.**

The initial concept overview or letter of inquiry should be typed (10-point minimum) on the organization's letterhead, not to exceed three typed pages, and should be outlined as follows

- A. Background – briefly describe the problem or need to be addressed, including evidence of its importance and relevance.
- B. Project description
 - State the project's principal objectives (outputs) and goals (outcomes).
 - Describe the necessary components of the project proposal
 - Outline a high-level work (activity) plan or timetable
- C. Estimate the project's costs and the amount of the grant request. If the project is to extend beyond the life of the grant, explain the revenue streams that will help sustain the project
- D. Discuss the resource capacities of the organization to implement the project
- E. Other important issues not covered in the above content

Examples of past project-work, news articles, reports, videos or other material are welcome and may be submitted as attachments or appendices to the concept overview or letter of inquiry

2. Preliminary Review

The grant project concept will be networked and considered internally by staff. Additionally, the grant project may be networked among appropriate local and regional stakeholders

Staff may recommend one of the following

- Forward development
- Further consideration
- Decline further development or consideration

3. Grant Project Development or Consideration

A grant (case) manager is delegated as the lead manager to advance forward development or further consideration, and engages the requestor organization in joint dialogue. An invitation to a joint dialogue should not be perceived as a promise toward future grant funding.

The grant (case) manager will also manage a due diligence process that involves legal counsel, compliance, stakeholders that own key business or charitable interests, etc

In cases that warrant forward development, the grant manager will provide advisory assistance to the requestor in developing a joint project proposal (plan) that includes the following documentation:

- Background information
- Project purpose statement
- Project description (including grant amount)
- Project outputs (results) and outcomes (impact)
- Project workplan (2-3 year timeline)
- Proforma business plan (budget)
- Communications plan and open source networking of learnings

In cases that warrant further consideration, the grant manager may invite the requestor to a meeting to discuss and deliberate about the project idea. This meeting should not be perceived as a promise toward future grant funding.

4. Final Consideration and Decision

Depending on the proposed grant amount and the source of grant funding, the grant project will receive final consideration by an up-line individual or group of individuals empowered to authorize large grant amounts. The requestor organization may be invited to a meeting to make a grant project proposal presentation. An invitation to this type of meeting should not be perceived as a promise toward future grant funding. Past or future business or other relationships with Thrivent Financial or its agents or affiliates are not considered in making grant decisions.

Grant Project Monitoring and Follow-up

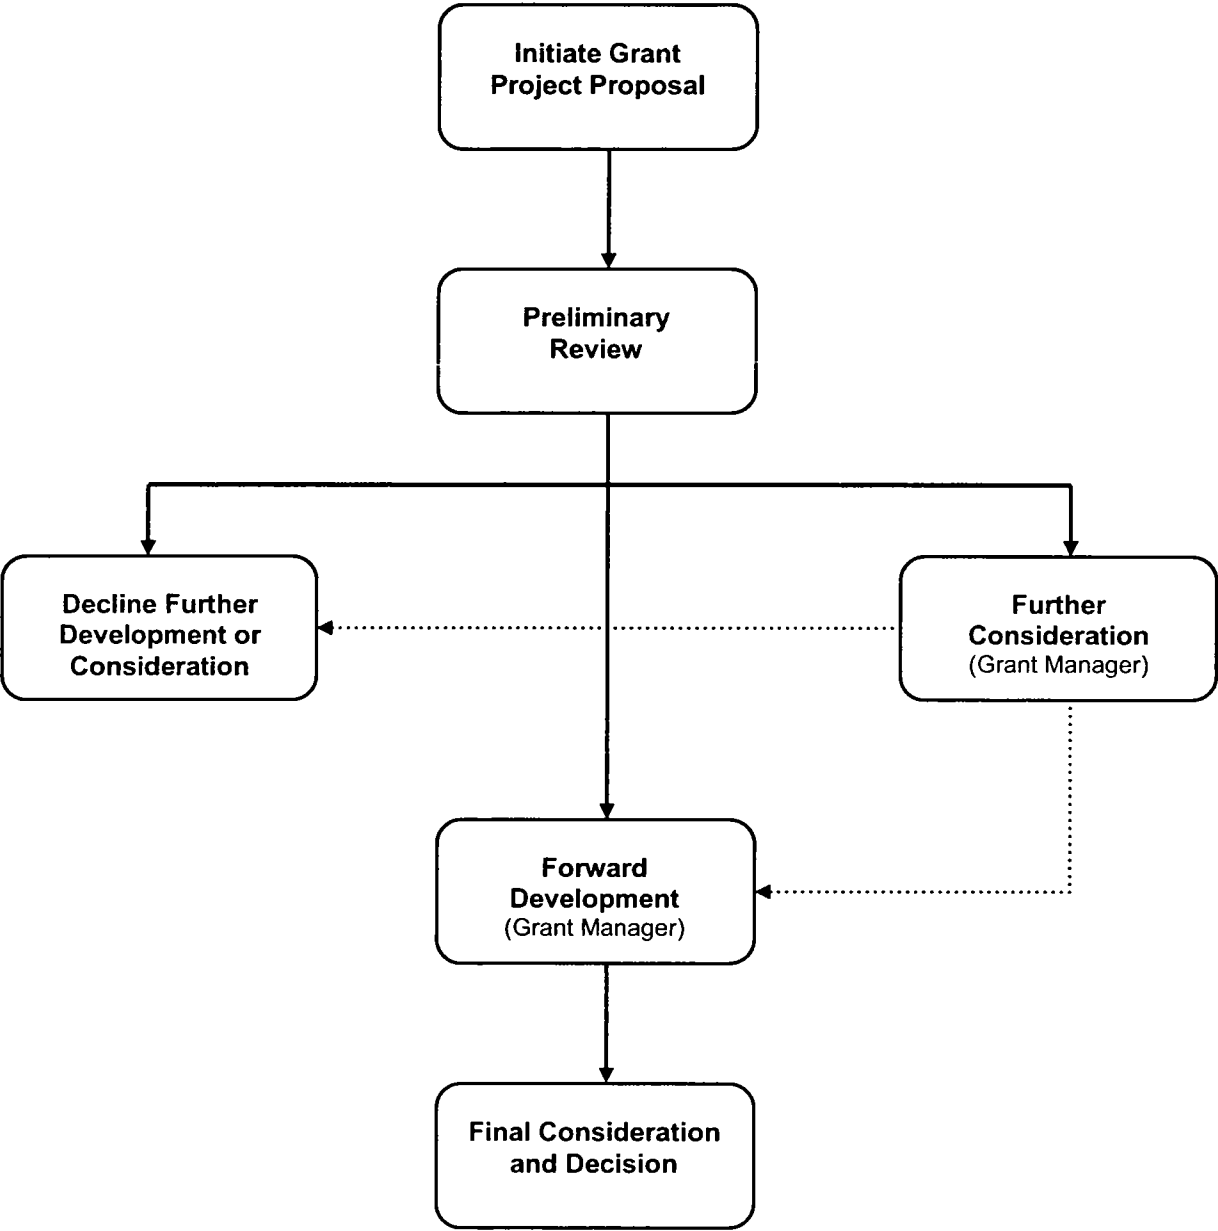

The goal of grant monitoring is to observe and understand the progress and end-results of the grant project – gaining knowledge and insight about the problem-need being addressed and the solution that is being implemented. Tracking the advancement of the project outputs and outcomes is also an important component of grant monitoring. Grant monitoring will ensure that the project is conducted in substantive and budgetary compliance with regulations, standards and policies detailed in the grant agreement (terms and conditions).

Also, follow-up activity will ensure that a communications strategy (news releases, story-telling, etc) is being executed well in a timely manner – creating broad public recognition and visibility of foundation's funding support for the grant project.

On-site visits and grant reports may periodically occur during the grant project period.

Grant project evaluations vary widely in formality. At the less formal end of the spectrum, staff will review reports and conduct site visits to observe the grant project operations. In some cases, a more formal evaluation process may be implemented, involving advisors, experts, or outside evaluators or consultants to measure and evaluate project outcomes and/or operations.

Amount of Match

The Foundation will contribute (match) dollar for dollar employee donations to eligible organizations. Your contribution must be at least \$25 to be matched. Contributions can be made to one or more eligible recipient organizations as often as desired during the year, up to the employee's gift matching maximum. If you currently serve on the governing board of the organization receiving your contribution, the Foundation's match will be doubled up to the employee's gift matching maximum. For example, if you donate \$50, the Foundation will contribute \$100.

Nature of the Gift

Your contribution must be a personal gift actually paid (not pledged) to an eligible recipient organization. It can be cash, securities having monetary values that are readily determined, or premiums paid on absolutely assigned AAL, LB or Thrivent Financial life or annuity contracts. Premiums should be made payable to the organization receiving the gift. The organization will send the premiums to Thrivent Financial for Lutherans.

Eligible Organizations

To be eligible, organizations must be United States charitable, religious, or educational organizations that are tax-exempt under section 501(c)(3) of the Internal Revenue Service Code and not private foundations or Type III supporting organizations that are not functionally integrated.

What is Not Eligible

- Tuition fees, loan repayment, and payments in lieu of tuition
- Dues and subscription fees for service
- Membership fees
- Contributions to a donor advised fund or family fund
- Grouped or pooled donations (e.g. contributions made by a group of employees or other person and claimed as one gift from a single donor)

The Foundation may decline matching grant requests from organizations that espouse controversial political, theological/doctrinal, or morally sensitive positions, or that are inconsistent with the Foundation's charitable purpose, or for any other reason at its discretion.

There is a \$20,000 maximum limit that any one organization may receive in matching gifts in a calendar year. If your gift is not matched by the program, you and the organization that received the gift will be notified.
